NBC PROTECTIVE OVERBOOTS (NBC-P-OB)

Molded from injection bromide butyl rubber to ensure complete impermeability. Supergum high-performance NBC overboots provide total foot protection for at least 6 full hours against all known chemical warfare agents and toxic gases. Manufactured with compliance with the NATO standard AQAP-4 specifications.

Five different sizes are provided: S (small), M (medium), L (large), XL (X-large), XXL (XX-large).

The major characteristics are as follows:

1. External: Black, vacuum package
2. Material: bromide butyl rubber
3. Hardness: 53 \pm 5 (TYPE A)
4. Extension rate: 350%
5. Tension strength: min 80kg/cm²
6. Against organic oil: min 6 hrs when 25
7. Against ozone: min 36 hrs
8. Against chemical warfare agents: after 36hrs, the maximum penetration of HD less than 2 μ g/cm² (NATO standard AQAP-4).
9. Dimension

UNIT:MM

Size	A	B	C	D
S	510 \pm 5	320 \pm 5	300 \pm 5	485 \pm 20
M	520 \pm 5	330 \pm 5	300 \pm 5	535 \pm 20
L	535 \pm 5	330 \pm 5	305 \pm 5	550 \pm 20
XL	580 \pm 5	340 \pm 5	320 \pm 5	580 \pm 20
XLL	590 \pm 5	350 \pm 5	325 \pm 5	605 \pm 20
